#### INTRODUCTION

Oral interviews related to the history of Swaziland and neighbouring regions, mostly taken from oral accounts of events passed down through clans. Mainly in SiSwati with English translations in some cases.

The bulk of the material dates from 1970, collected by Philip Bonner, and 1983, collected by Carolyn Hamilton, working with a number of SiSwati-speaking researchers and assistants. Some of the interviews were undertaken at the behest of Bonner and Hamilton. Others were undertaken at the behest of the Swazi King, Sobhuza II, or by the Swaziland Broadcasting Corporation and others were collected by or given to the Swaziland Oral History Project in the early 1980's.

The description of this collection is mainly based on the written information available on the outside of tapes and tape boxes, microfiche pockets, and on the covers of the 'jotters'. It was not possible to establish the exact content on the tapes, the microfiches and slides.

Please note:

The digitisation of the audio recordings in this collection was made possible by a grant from the Carnegie Foundation in 2012.

This inventory was re-compiled by Ruth Muller in 2015 as part of the Five Hundred Year Archive Project with funding from the Andrew Mellon Foundation and the National Research Foundation.

## B TAPES

The tapes in this collection have been digitised.

Nearly all the tapes have box inserts (some with detailed information written on them), and some have additional sheets of notes, these are stored separately from the tapes in archival boxes together with the collection.

The numbering is irregular as it follows the numbers used in the digitisation process. The last number on the right e.g. .01, .02, 03A serves as the link to the digital object.

C SLIDES

Swaziland Oral History Project slide show: 117 slides [three of which are duplicates] constituting 'Mr. Big Beaten by History'

There is also a tape, B9.02, which is possibly the soundtrack for the slide show

The slides are stored in a 'carousel' and are numbered C3.01 - C3.114

NB: Some of the slides which have been digitised are 'close-ups' rather than the entire original slide - such as C3.87

Digital slides may be accessed by contacting Historical Papers.
